ABOUT INVID TECH

www.invidtech.com

Innovative Video Technology, InVid Tech, is a security equipment provider. We offer personal service, consulting, and support from start to finish. We have an experienced team in the United States, including Sales, Customer Service & Tech Support. Our reach covers all of North America, much of South America, and several other countries.

InVid Tech has an extensive security & surveillance offering and many specialty products, including mobile and stationary solar surveillance. Our product management team can assist with custom products and needs. And our products can be found stocked locally throughout North America. InVid Tech is here to help you succeed, whether a small business or an enterprise corporation.
